

# KING AIR F90

YOM: 1981|YOR: 2022

The Beechcraft King Air F90 is the smaller version of the King Air 200. It is the perfect balance of speed, economy, comfort. At nearly 300 mph and 24,000 ft you probably won't notice that our King Air F90 features the most reliable turbine engines in the world. The luxurious "squareoval" cabin provides plenty of the headroom and legroom from up to 7 passengers in plush leather seating. Experience why everyone loves the F90 and its crew!
