

Citation Bravo

When you're looking to charter light executive jets, the Citation Bravo delivers quality and performance on every flight. Cessna is known for its highly popular big business jets, and in efforts to appeal to all types of passengers, they have designed the roomy, seven-passenger Citation Bravo. In addition to its fuel-efficient operation, the Bravo has multiple other features that make it one of the top executive jets in the light class. The team behind the cabin layout designed the cabin interior to have exceptional soundproofing, making it an ideal forum to conduct in-flight business meetings, or catch up on a little rest while you're on the go. Our team is dedicated to making every charter trip a great experience with a high level of customer service. Experience why everyone loves the Bravo and its crew!
